

The good news is spreading all over the world with great success. It has spread in this same way among you, ever since the first day you learned the truth about God's wonderful kindness... Colossians 1:6

Friends,

I have been filled with great joy, remembering the many lives that have been greatly changed because of God's kindness through His son Jesus Christ, over the last 20 years of ministry reaching youth with the good news that brings salvation, forgiveness of sins and eternal life. You have blessed me with your great support over the last 8 years reaching today's teens with this same life-changing message in the Norris School District. Thank you!!!

Today's teens are still looking for a place to belong and be welcomed. They are still in need of hope and love. Still desiring of direction and family. Your support and partnership puts me in their lives to offer that through the grace of Christ.

Pray for how you can continue to support this beautiful mission. Pray for our small groups as we continue to be in God's word, growing in understanding on how God's holiness gives clarity to where we belong and the identity He gives me through His Son and for His Glory.

God Bless,  
Anthony R. Jettel
